# ABOUT COMPANY

Rabeh Training Center is a premier provider of medical, first aid, and emergency response training headquartered in the State of Qatar. We serve as a vital link between theoretical medical knowledge and real-world emergency action.

- Accredited Training Center by the Health & Safety Institute (HSI).
- Authorized Provider of MEDIC First Aid® training programs.
- Certified Professionals as instructors with qualifications aligne with global resuscitation and emergency care standards.

# Our Vision

To be the leading medical training and emergency preparedness institution in Qatar and the region, fostering a society where every individual is prepared to save lives.

# Our Mission

To enhance public safety by delivering high-quality, internationally accredited medical training programs that promote clinical best practices and save lives through rigorous skill development.

# Our Services

---

## Advanced Simulation & Digital Environment

We integrate modern training technologies to provide a realistic learning experience

### Interactive Digital Screens

Used to display real-time medical scenarios and instructional content.

### High-Fidelity Mannequins

For realistic CPR and emergency simulations.

### Scenario-Based Learning

Environments that replicate real emergencies to build technical proficiency and decision-making confidence.
